The art of painting is  
not, indeed, a science,  
but a craft, and a craft  
which is not to be  
taught by books.

... and so

of the art of painting

is not to be taught  
by books.

1. The first part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of satisfying a natural curiosity about the past, but also a means of developing a sense of responsibility for the future.

2. The second part of the paper discusses the various methods of studying history. It is pointed out that there are many different ways of approaching the study of history, and that each has its own strengths and weaknesses. The author suggests that the best way to study history is to use a combination of methods, and to approach the study with an open mind and a willingness to learn.

3. The third part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of satisfying a natural curiosity about the past, but also a means of developing a sense of responsibility for the future.

4. The fourth part of the paper discusses the various methods of studying history. It is pointed out that there are many different ways of approaching the study of history, and that each has its own strengths and weaknesses. The author suggests that the best way to study history is to use a combination of methods, and to approach the study with an open mind and a willingness to learn.

5. The fifth part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of satisfying a natural curiosity about the past, but also a means of developing a sense of responsibility for the future.

6. The sixth part of the paper discusses the various methods of studying history. It is pointed out that there are many different ways of approaching the study of history, and that each has its own strengths and weaknesses. The author suggests that the best way to study history is to use a combination of methods, and to approach the study with an open mind and a willingness to learn.

7. The seventh part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of satisfying a natural curiosity about the past, but also a means of developing a sense of responsibility for the future.

8. The eighth part of the paper discusses the various methods of studying history. It is pointed out that there are many different ways of approaching the study of history, and that each has its own strengths and weaknesses. The author suggests that the best way to study history is to use a combination of methods, and to approach the study with an open mind and a willingness to learn.

9. The ninth part of the paper discusses the importance of the study of the history of the United States. It is argued that a knowledge of the past is essential for a full understanding of the present and for the development of a sound policy for the future. The author points out that the study of history is not only a means of satisfying a natural curiosity about the past, but also a means of developing a sense of responsibility for the future.

10. The tenth part of the paper discusses the various methods of studying history. It is pointed out that there are many different ways of approaching the study of history, and that each has its own strengths and weaknesses. The author suggests that the best way to study history is to use a combination of methods, and to approach the study with an open mind and a willingness to learn.
